A 501 (c)(3) corporation

Financial Summary (Ministries Report- unaudited)

Donations to Shiloah Ministries Inc.: \$ 1,980
Interest Income \$ 3,354
SMI Mission & Support Expenses: \$65,243

Financial Summary (Ministries Use)

Donations to Shiloah Ministries Inc. were 17 % lower than 2017 donations, SMI Use of Funds: 170% of 2017 operations. Operations bore the cost of one Uganda contract employee, school fees and supplies for **the 44 students** that we support with clothes, fees

and food/boarding from KG through High School, and project cost of new build kitchen (Zana) and finishing of the water tower system for Morning Star Primary and support student families.

Bank Balance decreased by 20% from 2017, due to the loss incurred by the reduction of donor income, ministry and project cost. The balance has been placed in term certificates of deposit and cash balance in operations checking account. Factors affecting future

operations will be the increase of school fees and operations expenses, assistance expenses for projects such as the **well and water**

tower, bathrooms, kitchen, food, clothing and request where we are able to help **and graduates** (above , L to R. – **Adeline, Erisa, Jovia** and **Cathy**) transitioning to First grade(Morning Star), and HS Freshmen – **Ebenezer HS**, respectively).
Operations

January -We started with 24 of which are at **Morning Star**

February, we continued work under government approval to drill a well and complete the water tower and water distribution on campus at Morning Star.

March – I was happy to inform the donors that we completed the water system \$2,000 under budget (at \$17,000) and paid the drilling company.

April – And we began discussions/planning with **ZANA Presbyterian** (right)

Primary/Secondary on a new kitchen and eating pavilion.

The project was estimated at \$18,500. Yes, the water tank was restored (which a storm blew it off of the tower at Morning Star).

All three schools reported the closing of the Terms with completion of the curriculum. And Morning Star asked for a printer to help with the Administration. Students provide paper

as part of the materials they have to bring (Rose Nanteza [blue] our administrator in

Uganda buys the needed clothes or shoes etc.) for the sponsored students. The old car above is used for “trade school” classes in Auto Mechanics at Ebenezer HS.

June – December / Morning Star also saw a Florida Christian church provide continued work on the pavilion and dormitory structure. **Secondary books; 2 Zana students -Elijah&Latifah**

And we began our Kitchen and eating pavilion Project Commitment to Zana Christian (we sponsor 14 students there). One of ours, Elijah, **broke his arm** playing basketball, but the most serious was Mr. Sentamu's severing his left leg by a auto accident and we supported his five children at Zana and fit him with a leg prosthesis and he was able to resume his carpentry business.

Our sponsored orphan Tadeo enjoyed

Thanksgiving and birthday party with friends as all enjoyed the **graduation celebrations**.

Elijah

Sentamu Family left and mid photos, birthday party of sponsored student Tadeo (rt)

Hebrews 10:24

“... He who promised is faithful; and let us consider how to stimulate one another to love and goods deeds...encouraging one another...”

Psalm 112:9 He has **given** freely to the poor, his righteousness endures forever; his horn will be exalted in honor.

Ebenezer buildings

and students

We are appreciative of your continued support to Shiloah Ministries Incorporated **501 (c) 3, and sending your tax-deductible donations to the address or our website noted above**

In thankful obedience to our GOD we humbly submit this summary report in Christ's name:

Zana Christian Primary and Secondary students

***Joe, Marla
and Chris***

*In Uganda:
Rose Nanteza*
